Democratic Meetings. There will be a meeting of the candidates of the Democratic party at Col. Holt's office, on Tuesday evening, at 71% o'clock. Every candidate for the city at large and for each ward is expected to be present, as business of importance will be

brought before them. There will be a meeting of the Democracy at Jnc. Bell's, on the Point, between Preston and Jackson, on Wednesday evening, at 71/2 o'clock. A general attendance is expected. There will be speakers present to address the meeting,

The Democratic Association of the First and Second Wards will meet at Smith's tavern, on the Point, on Tuesday evening, March 15th, at 73 o'clock. Judge Joyes and other Democratic candidates will be present.

W. E. Culver's lecture on Finances last night was not overwhelmingly satisfactory to all his hearers. He said he owed about \$280,000 and, that he had assets to the amount of some four hundred and odd thousand dollars, about \$280,000 of which were good. He did not, however, inform his hearers what those good assets were, and, as this was the most important information he could have imparted, it is a pitty that he skipped that point. We hope he will deliver another lecture soon, and dwell more at length upon his assets. It may be difficult for him to how how a private banker, owing \$230,000 in hard cash, is perfectly safe when he has only \$280,000 of assets that he himself calls good, when these assets too are not cash, but principal ly stocks, lands, and other property. He had better explain his assets, and let his quarrels with individual creditors or debtors alone the next time he delivers a public lecture. His creditors want to know what he has to pay with, and

that is all they want to know. THEATER.-Mr. Barry Sullivan made his first appearance before a Louisville audience last night, in "Richelieu." He played to a full house, and called forth repeated rounds of applanse in his life-like representation of the mighty Cardinal. He is certainly an actor of more than ordinary ability, and we predict that his brief engagement in this city will be a decided success. For the most part he was well supported, Miss De Courcy sustaining the part of Julia De Mortimer with correctness. Mr. Swif's De Baradas was a little too spasmodic to be dramatic. His legs seem to be eternally trying to get from under him. The dancing and afterpiece were first rate. To-night we have "The Gamester," dancing by Mr. Gilbert and Pilly Meeters, to end with "Mr.

and Mrs. Pringle"-a great bill. Go early and THE WEATHER .- We had a variety of this staple resterday-rain, sunshine and wind. In fact wind seemed to be the feature of the day. Old blowreas was on a high frohc. He knocked off hats and exposed bald heads; he raised dry goods and exposed pretty ankles, etc.; he filled the eves of this wide-awake community with dust; he whistled through shutters and around corners with a perfect looseness. We noticed numerous bare headed mortals in pursuit of hats, which were gaily trundling in the gutters, depositing stray papers as they went. It is a vocation peculiarly calculated to try one's philosophy and legs. The man who can chase his hat a whole square, amid the jeers and gibes of street loafers, and no swear, would make a good post master, or an editor, who could keep his temper while morning

callers were looking over his exchanges. It affords us pleasure to call attention to the advertisement, in our paper this morning, of Messrs. Guthrie & Brothers. They are receiving and opening a full and complete stock of dry goods. Their location (east side of Fourth street between Market and Jefferson), is one of the very best in the city. We commend the young gentlemen comprising this new firm to our friends, in both the city and country, as in every way deserving their confidence and patronage. They are polite, accommodating, prompt, energetic and

DESPERATE FIGHT WITH RUNAWAY NEGROES. Iwo fugitive slaves were captured in Indiana, some fifty miles from this city, last week, and brought to the jail of this city. They escaped from a South Carolina planter some months since. They made a desperate resitance before they were secured, shooting one of the pursuers, and wounding him so badly he will hardly re cover. One of the negroes was shot in the shoulder, and otherwise injured by blows. He is under medical treatment in the city jail.

DIRT WANTED-STEET CLEANERS.-The officials engaged in the praiseworthy work of filling up the creek below Third street were not doing much yesterday, complaining slightly of a want of material. If they would stir up the Street Inspector, of the upper District, he could point out several localities where the dirt, ashes, and rubbish has been accumulating all winter. Invite them to the alley between Green and Walnut, and Second and Third, to begin with.

We are requested to call attention of city and country buyers to the first large spring credit sale of S. G. Henry & Co., commencing this morning, Tuesday, at 10 o'clock, at auction-rooms The assortment is a very large and general one, and comprises a number of leading staple domestic goods but seldom sold at auction. A large line of linen goods and cotton hosiery will be included in the sale. Clothing merchants will also find a large stock in their line. The sale will be

thorised to announce Col. J. W. Clayton as a candidate for the Legislature in Oldham county .-Col. GRAND BALL OF THE SONS OF MALTA. - We un- The Nicaragua and Costa Rica War in New York, Yesterday afternoon, between one and two clock, there was quite an interesting time between General Robert Wheat, of Nicaragua no-toriety, and Col. George F. Cauty, of the Costa Rica service. It appears that the General, for nearly two years past, has entertained anything but the most agreeable and kindly intentions to-wards the Colonel, arising from circumstances growing out of the Lockridge expedition in 1857.

COL. CAUTY'S STATEMENT. Col. CALTY'S STATEMENT.

I went to Delmonico's with W. B. C. Webster, Esq., and Capt. Spencer, about one o'clock. On leaving the hotel and gaining the sidewalk on Beaver street, I was accosted by General Wheat, who, without any introduction, asked me if I was Colonel Cauty. I replied in the affirmative, on which he said that he had sent me a challenge at Greytown, which I had thrown to the ground.

The bystanders and my friends interfered; where on I was enabled to arise. I was perfectly unarmed and surprised, as I had met him frequently before, both in Greytown and in this city, without recognition. I have never given any private or personal grounds for quarrel with him or any of the fillibuster prisoners of war; on the contrary, I have always treated them with courtesy and kindness when in my power.

When first I met the General in Greytown, after their defeat at Castillo Viego, he sent me a private challenge, which I disregarded, by the advice of Commodore Erskine and Captains Osborne and Dunlop, of the British fleet, on the grounds that as he was virtually a prisoner of war, in the habit of insulting and challenging everybody, (which they had personally experienced), and had no grounds for private quarrel or wrongs to redress, I should be insane to take any more notice of him than they had done. I have not had other relationship with him, and have never reflected on his private character, and would now consider myself wanting in self-respect to take further notice of an act of rowdyism.

wanting in self-respect to take further notice of an act of rowdyism. The affair above detailed by the Colonel was but the work of a few moments, at the termination of which the crowd dispersed. The General left with his friends, and the Colonel to get his wounds dressed, possibly to meet another day and finish their difficulties. The Colonel's friends were very indignant over the affair, and say all manner of hard things about the General. —N. Y. Herald.

A Clergyman Arrested for Counterfeiting while Preaching a Funeral Sermon.

We had an interview with Mr. Issac Reynolds of Trumbull county, last evening, who had just returned from Glenwood, Mills county, lowa, where he owns some land. He gave us an item of interest. On last Monday alternoon, as the Rev. Wm. Watson, the pastor of the Methodist Church in Glenwood, was preaching a funeral sermon, he was arrested by officers from an adjoining county for passing conuterfeit money. The peo-

The people in attendance at the funeral were so incensed at the officers that they thrust them from the house, and they concluded to retire until the obsequies were concluded. The clergyman did not accompany the procession to the grave, and the officers arrested him.

They reprincely searched his house in the cell. officers arrested him.

They previously searched his house, in the cellar of which they found inks, presses, papers, rolling machines, and the entire apparatus for the manufacture of counterfeit bank bills. They also found about \$1,000 in counterfeit bills, \$500 of which were 10's on the Forest City Bank of this city and about \$900 in \$50 on the State Bank this city, and about \$200 in 5's on the State Bank of Ohio. The clergyman made a clean breast of the matter. He' became connected with some counterfeiters about two years ago, and as he had been in early life an engraver, he had been a very useful and hard working member of the gang. He has preached in Glenwood about three years. He is about forty years old, a man of family, and has been very generally esteemed and respected by his congregation and neighbors. Reading Matter on Every Page. The Opposition Platform-No. IV.

The fourth plank in the platform of the so-called Opposition is as follows: 4. It is a Party with no common Policy or fixed Principles.

Its members agree with each other as little in regard to fundamental principles of government as they do in regard to measures of national

policy.
Old fashioned Federalists, with President Bu-chanan and Chief Justice Taney at their head, combine with Locofoco Democrats.
Nullifiers and strict constitution State rights men unite with anti-nullifiers and the loosest

Distributionists of the proceeds of the public lands mingle with opponents of that measure, and both unite in squandering the public domain for the benefit of unnaturalized foreigners and pet

Red Republicaus, Socialists, and Agrarians, fraternize with Southern nabobs, who advocate property qualification for voters, (and a slaveaciding qualification for representatives,) and who proclaim in the Senate the doctrine that who proclaim in the Senate the doctrine what staboring men are everywhere the mud sills of society," and that "every man is a slave who de-bends upon the wages of his labor for a support." Such are the discordant materials of the party that the President, with proper regard to sec-tions, cannot even organize a Cabinet that har-monizes either with him or each other on the most important subjects. We find him com-pelled to the humiliating toleration of a Secreta-ry of the Treasury who denounces and exerts his official influence to thwart a fevorite and most important measure which the President re-commends to Congress. Others of his Cabinet also oppose him upon other measures. One of the chief organs of the party makes bitter complaint that it has broken into fragments, and that even those fragments are subdivided into cliques by different aspirants to the Presi-dency.

dency.

What Mr. Calhoun said of the party before it came under his guidance, its whole career proves to be trae—"It has no cohesive principle but the power of public plunder."

It is not our purpose to enter into a defensive argument in behalf of the common policy or fixed principles of the Democratic party. To do such a thing would please the Opposition too well .-That is the game they are aiming to play-to course, in playing such a game they care not for the character of their charges, since the false would effect their purpose as well as the true.

In comparison with the policy of the Opposition, it may be true enough that the Democracy America as she was in days past, as sbound as she must be in the future. Is suited our Ro. have no common policy. They have, however, an or and as she must be in the future. It suited our Republic when Jefferson took suited our Re-with its sixteen States and five millions of freemen. It suits the same Union now that the Democracy have anubled the number of States, and added to the confederacy a public domain west of the mississippi river and extending to the Pacific ocean twice as great in extent as was the landed inheritance bequeathed to us by the fathers of the revolution. It is a policy which suits the thirty millions of freemen now populadred millions that will inhabit it at the close of the present century. Indeed, it is not a common

but is an uncommon policy. And the same might be said in general terms muscles and sinews of the young giant that presides over the proud destiny of America. They have added sixteen new States and half a dozen vast Territories to the original domain of the Union, and their gloriously expansive principles still embrace the whole, and leave an open space large enough for Cuba and such parts of Mexico, Central America, etc., as the exigencies of the inscrutable future may force upon us. In this sense the principles of the Democracy are not fixed nor fettered by the oaths and ritual of a narrow-minded faction, whose apostles killed themselves as Know Nothings, buried themselves as Americans, and are now vainly trying to res-

urrect as Oppositionists. It is perfectly natural, however, for the selfstyled Opposition to cry out that Democrats don't agree among themselves as to fundamental principles of government, or measures of national policy; that old fashioned Federalists combine with cofoco Democrats; that nullifiers and Staterights strict constructionists unite with antinullifiers and loose latitudinarians; that distributionists of the proceeds of the public lands amalgamate with anti-distributionists; that Red Republicans, Socialists, and Agrarians fraternize with Southern nabobs who oppose their creed; and that the elements of the Democracy are so discordant that they war with one another from the Cabinet down to party organs of both the press and stump. It is natural, we say, that the Opposition should speak thus of the Democracy. They are but exposing their own troubles, and proclaim-

ing to the world their own domestic misfortunes. Who ever heard or read of such an amalgamation of warring political elements as constitute the socalled Opposition? Their organization began a few years ago, with antagonistic elements enough to have made a chaos. So soon as its banner was hung out, with Know Nothing written upon it, sore-headed Democrats and unappreciated Whigs came together in the same lodge with Abolitionists and Black Republicans. There was a general meeting and shaking of hands by the most terrible elements of political war and carnage. And at this moment the Opposition consists of all the warring political elements of the age—broken-down political backs from the old Whig and Democratic ranks, Emancipationists in the South, and Abolitionists at the North-and indeed every man, woman, child, and nigger, that was not appreciated by any of the former parties, has gone into the meshes of the new organization to give his luck a new turn. Such a combination must see discord in everything around, just as a blind man sees darkness, or a fighting army contemplates battle. It is not possible for them to see things

otherwise than as they charge them upon the De-Only see what these Oppositionists have done in our sight! They have made the Hon. Joshua F. Bell their standard bearer in chief, while the echoes of his denunciations of their most cherished tenets still ring in the land. Bell absolutely bullied the convention held here on the 22d of last month into the adoption of a platform that stultified he makers, and when he accepted the nomination endered him, he told them that he had opposed hem, and that he had not changed one of his political notions. And, worse than this, the Opposition had to submit to a platform drafted by the Hon. S. S. Nicholas, who had been growling at them ever since they came into existence, because, we suppose, they were not at first intense enough aristocrate and hunkers to be the first intense enough aristocrate and hunkers to be them.

The proposition can get on with such warring elements, they will not only surprise us, but will

Awful Calamity.

The most awful calamity occurred last evening about fifteen minutes after seven o'clock, at St. Mary's (Catholic) Church, that has ever transpired in this city. A Mission was opened at the Church on Sunday

last, by Missioners belonging to the order of Redemptorists, and the congregation have been im mense every evening since, every seat being crowded and the aisles, also with interested listeners of all classes of citizens. Last evening, another overwhelming audience had assembled to listen to a discourse on the subject of "The Last Judgment." The church was literally packed with people. The exercises of the evening had just commenced, or were about the commenced, when about the commenced when about one third. were about to commence, when about one-third of the floor, immediately in front of the Altar gave way from the immense weight, and fell t the basement, precipitating about one-third of the audience in an indiscriminate mass into the abyss

The scene that ensued is beyond the power of language to describe. The groans, shrieks, pray ers and supplications of the mass of human being thus thrown in a confused heap into the chasm be low, as well as the horror-stricken mass beside, in the other part of the house, was awful beyond de scription. The alarm was soon spread by the shouts and lamentations of the frantic crowd, and the bells were rung, supposing it to be fire, and the firemen

As soon as the mass of people had left the church, a number of men, together with Mr. Guar-det and the Redemptorist Priest, Joel H. Warn det and the Redemptorist Priest, Joel H. How many the land on dead subsequently, or how ere actually dead or aied subsequently any were seriously injured, it was important ell last evening, as numbers were carried away by friends and acquaintances of whom nothing particular could be learned, except that sever vere known to be in an unconscious state, and many were striously injured. Atter a hard struggle we succeeded in getting

The body of the church was covered with broken pews and rains that had been taken out and piled up.

The little dog, which had been the child's playmate, and which had accompanied him in his long and fatal journey, was found nestled in the child's bosom, with his head reclining on his cold and lifeless form. The faithful dog had tramped quite a path around the lifeless body of the sle ing innocent, thus betraying the affection that it had for the youth, and its fond caresses had licked back the hair upon 'the child's forehead. The Cheapest, most Brilliant, and mest Conver Artificial Light in the World.

Artificial Light in the World.

The Vesper Gas Light has won for itself a reputation for elegance, economy, safety and simplicity, far beyond any other artificial light. The Vesper Gas flame and fixtures precisely resemble in form those of coal gas, but in brilliancy and purity of light, it possesses a decided advantage over even Louisville coal gas. It requires no chimney; there is no need of daily trimming of wick; and the construction of the fixtures is so simple that it is not liable to get out of order, and a child can manage it readily. The gas burnt in the Vesper fixtures is generated from pure coal oil, without any admixture of alcohol or other foreign ingredient. It is entirely free from odor while burning, a*-, by a simple contrivance, the vapor of the oil is mixed with the atmosphere, producing perfect combustion and a most intense light. The light has been pronounced, by those who have had it in constant use for months, as most pleasant to the eye while reading or sewing, the reading on offickering or unsteadiness in the flame. The Vesper Gas light is portable, and can be used in town or country—in fact, wherever artificial light is required. The fixtures themselves are adapted in styles to suit all tastes, from the plain single light burner to the most costly chandelier. The chemical preparations known under the above title for the last 22 years throughout Europe, where they have met with a triumphant success, have acquired for their inventor and manufacturer a world-wide celebrity attested by the Emperors of Russia, France, Austria, the Queen of England, the Kings of Belgium, Holland, Naples, Bavaria, Saxony, etc.; and in America their efficiency has been indorsed by the Directors of Public Institutions, and the approval of numerous private citizens, and that they are the only remedies in the world sure to exterminate all kinds of vermin.

Meyer's Miraculous Preparations destroy the unwelcome intruders without mercy, and never fail. His Art has brought death to millions of them in the world, and from this day the watchword of all housekeepers, merchants, ship owners, and husbandmen will be "No more vermin."

A Broadway Lot& Country Residence FOR SALE OR EXCHANGE.

The Lot is fifty-two feet front by two hundred and fifteen deep, to a 20 foot alley, south side, between Eighth and Ninth streets. The Residence is on the Frankfort pike, about two miles beyond the Fair Grounds. It is within five minutes' walk of Gilman's Station (generally known as the Point), where the Accommodation Train stops, going out at 5 in the afternoon and returning at 8 in the morning, thus allowing one to attend to business in the city without loss of time. There are two Churches, a Postoffice, and select School, in the immediate neighborhood. The place handsome, has between four and five acres of rich level land, with plenty of ohoice bearing fruit trees; several premiums having been obtained for the fruit. The buildings are partly new and expensively finished, some eight or ten rooms in all, besides servant's apartments, ice house, carriage house, stabling, hen house, &c.

This is a desirable little place for any one wishing a healthy retricment out of the city, and yet within a few minutes rise to it by the cars. I will sell low or exchange it for a suitable house and lot in the city and give early possession.
